VEHICLE COMPONENTS IS THE HOLDER OF THE AOQ (QUEENSLAND)
SMALL BUSINESS GOLD AWARD FOR QUALITY

12th January 2007

FAO: Debbie Cohen

Dear Debbie,

We were recommended your product by one of our customers who had implemented the system. It was obvious it could help speed up our risk analysis program on standard equipment. The workplace practices manual is also very comprehensive. The whole package including telephone support has enabled us to develop an internal OH&S platform in a quick and economical manner.

Having a good OH&S system helps me sleep at night!

Yours sincerely,

Chris Goddard
MANAGING DIRECTOR

MANUFACTURE, REPAIR AND RETAIL OF TRAILER PARTS AND ACCESSORIES
